

The IIA Albuquerque Chapter Presents How to Incorporate Visualizations in Your Audit Committee Reports

with Trent Russell—Greenskies Analytics

When: August 6, 2024

Time: 12:00 pm—1:00 pm MT

CPE: 2 Credits

Delivery: Virtual

Registration Deadline: August 5, 2024

Cost: Members: \$30; Non-Members: \$40

Registration: <https://na.eventscloud.com/806708>

Course Overview:

Most of us have few precious minutes with the Audit Committee and Executive teams. Being able to tell the story of our progress is vital and with the use of visualizations, rather than text, we can communicate that story much more effectively and efficiently. This session will focus on the rules of data visualization, why it's more of a science than art, examples of visualizations for the Audit Committee, and a live demonstration of an Audit Committee dashboard.

Learning Objectives:

After this session, participants will be able to:

- Understand the rules of visualizations and how to apply them
- Identify what's important to visualize and what's important not to visualize to the Audit Committee
- Learn how visualizations can transform Audit Committee reports

Who should attend?

- Everyone!

ABOUT YOUR INSTRUCTOR

Trent Russell

Trent Russell is the Founder of Greenskies Analytics. Prior to founding Greenskies Analytics, he joined Ernst & Youngs' IT Risk Assurance practice where he served multiple industries. He later joined the Financial Service Office at EY and facilitated the development of data analytics procedures. Trent later led the audit analytics function for a Higher Ed and Healthcare provider. At Greenskies Trent develops audit analytics strategies, helps Internal Audit teams launch their data analytics initiatives, makes the analytics initiatives actually work, and moves Internal Audit teams up the analytics maturity model. In addition to serving his clients, Trent also hosts The Audit Podcast and facilitates quarterly audit analytics roundtables.
